

PALACIO JOUVE & GARCIA, ABOGADOS
NIT: 830.004.006-3

Lawyer's Office legally constituted on March 31/1,995, under Public register number 547 in public notary of Bogotá D.C., also registered in the Chamber of Commerce of Bogotá on April 28 same year, under no. 490338.

Also the lawyer's office is in the official directory "Registro Unico de Proponentes" as Consultants and Advisers, on Planning and Public Management, Development and Urban Administration, Public law, Energy, Telecommunications, Transport, Water and Cleaning and Infrastructure, among other.

The main activity, within its social object, is the one to serve as consultant's office and consultancy in matters of Public Law, with specialty in the regulation and the development in matters of administrative Law, public function and its organization and handling; direct or judicial resolution of conflicts; public services, state Contracting, telecommunications and power sector.

The company/firm count with lawyers partners specialized in Administrative Law, Financial Legislation, Science and Technology and in handling the public sector from its different aspects such as, the state management; contracting; personnel handling; the reform and modernization of the State, by means of the direct participation in important processes that have lead the country to consolidation of the new structures in the executive branch. Also, their members have played important role in the expedition of some norms of Public Administration like the Fiscal Code of Bogotá and Law 80 of 1993, being part of their Commissions Editors. Also their partners comprise of the Mission of State contracting of planning -FONADE-BIRF, for the Integral Study of the public contracting in Colombia.

In the public services area, we advise the Commission of Regulation of Telecommunications, on the normative, doctrinarian and jurisprudential compilation of the telematic basic services of added value and auxiliaries, as well as the external legal audit on the Cellular Mobile Telephony for the Ministry of Communications, in which it exerted the control of the execution

of different administrative contracts of Concession and the state contracting.

Also, the company/firm counts on experience in the handling of arbitration, having participated in these activities, not only as referees, but also empowered representatives.

To date, the society and its partners have worked with a variety of clients, national and foreign, as well as a multiplicity of state organizations such as: Regulation of Telecommunications Commission, Public Companies of Medellín, Supervision of Services Public, Secretariats of Government and Education of the District of Bogotá, Colombian Ministry of Communications, Ministry of Health, Ministry of Justice and the law, World Bank, "Ecocarbón", "I.C.B.F.", National Institute of Earth Adjustment - INAT -, "Superintendencia de Sociedades", "Colvatel S.A.", Lottery of Bogotá, Anticorruption Institute "Universidad del Rosario", "Universidad de los Andes", "Fondo Nacional de Ahorro", ECOPETROL, as well as an important number of clients.
